Kingdom Education

Principle #2: The education of children and youth is a 24-hours -a-day, 7 days-a-week process that must take place from birth through maturity.

“Train up a child in the way he should go; and when he is old, he will not depart from it.” Proverbs 22:6

“Impress them on your children. Talk about them when you sit at home and when you walk along the road, when you lie down and when you get up.” Deuteronomy 6:7

“The concept communicated by the phrase *train up a child* is that this is a continual process that starts at birth. *When he is old* tells us that this process does not end until the individual reaches maturity. God gives us instruction in Deuteronomy 6 when He states that parents must teach their children diligently with intense, highly concentrated, consistent effort. The only time we should not be diligently teaching our children the things of God is when they are asleep.” (*Kingdom Education*, Glen Schultz)
