## Kingdom Education

Principle #8: The education of children and youth results in the formation of lifestyles or worldviews that will be patterned after the belief systems or worldviews of their teachers.

“A student is not above his teacher, but everyone who is fully trained will be like his teacher.” Luke 6:40

“Whatever you have learned or received or heard from me, or seen in me – put it into practice. And the God of peace will be with you.” Philippians 4:9

“Every person has a worldview or an underlying belief system that drives his or her attitudes and actions in life. A person can hold one of two possible worldviews – a God-centered worldview or a man-centered worldview. The individual’s worldview is primarily determined by that of his teacher(s). Everyone who teachers others influences them in three ways: by their content, what they say; by their communication, how they say it; and by their conduct, how they live. No one can teach out of a philosophical vacuum. Their beliefs and values will come out and these will help shape the beliefs and values of those whom they teach.” (*Kingdom Education*, Glen Schultz)
