Private Lesson: Semester Credit Form

Fall Form due December 5

Spring Form due May 5

Students are required to participate in weekly private lessons each semester. One semester of private lesson study must consist of at least twelve lessons with a CAFSA approved instructor. Appropriate lesson length may be thirty minutes, forty-five minutes, or sixty minutes weekly.

During the semester, each student must keep a journal which lists all lesson dates, describes the student's work in the lesson, and lists all assignments for the week. The journal will be collected by the director as further proof of meeting the private lesson requirement for the semester.

Each semester will conclude with a final performance exam. The exam will include scales from the required list and a solo appropriate for the level of study.

This form must be completed by the Private Lesson Instructor each semester.
