- 3) Opportunity to perform and compete in a manner that develops passion and confidence.
- 4) Group and individual attention and instruction in the development of talents.
- 5) Standards of excellence in all we do and how we do it.

Philosophy and Goals

The educational philosophy of the Christian Academy School of The Arts is based on a Biblical view of God, man, truth, and music education. God created music so that man may glorify and honor Him with song through performance. In Psalm 150 it says, "Praise the Lord! Praise God in His sanctuary; praise Him in His mighty heavens! Praise Him for His mighty deeds; praise Him according to His excellent greatness! Praise Him with trumpet sound; praise Him with lute and harp! Praise Him with tambourine and dance; praise Him with strings and pipe! Praise Him with sounding cymbals; praise Him with loud clashing cymbals!" The entire process of music education is seen as a means used by God to bring the student into fellowship with Him in music, to develop a Christian mind in Him and to train the student in Godly living so that he or she can fulfill God's total purpose for his or her life through music.

"A Psalm for giving thanks. Make a joyful noise to the Lord, all the earth! Serve the Lord with gladness! Come into His presence with singing!" (Psalm 100:1-2)
