OF LOUISVILLE
education with a Higher purpose

ROCK CREEK CAMPUS 2019-2020 SCHOOL PROFILE *www.caschools.us*

Developing Students with a Heart for God

The mission of the Christian Academy School System is to develop students with a heart for God who grow as Jesus did in wisdom, stature and in favor with God and men. Developing a heart for God means that Christian Academy focuses, with great intentionality, on four core pillars, Spiritual, Intellectual, Social and Physical, so that students are taught from solid, biblical principles to integrate God's Word into critical areas of their lives.

Accreditation

Christian Academy of Louisville is accredited by the Association of Christian Schools International (ACSI) and the Southern Association of Colleges and Schools/AdvancED and is certified by the State of Kentucky.

All Christian Academy teachers are certified as required by the State of Kentucky and hold at least a Baccalaureate Degree; more than 70% have achieved either a Masters or Doctorate level degree.

Christian Academy School System admits students of any race, color, national or ethnic origin to all the rights, privileges, programs, and activities generally made available to students of this school. It does not discriminate on the basis of race, color, or national ethnic origin in the administration of its educational policies, admission policy, financial aid programs, athletic programs and other school-administered programs.

Jr. Academy - 70 students
Elementary - 144 students
Providence School - 15 students

Financial Assistance

44% of families receive assistance from 6 tuition assistance and discount programs

Elementary Program Overview

Curriculum

Rock Creek students' average scores at each grade on the nationally normed Terra Nova Achievement Test are well above the national norm. The elementary curriculum holds students to the highest standards and challenges all students to use their God-given abilities to achieve their learning potential. The elementary language arts and mathematics programs foster critical thinking and life application. Language arts center a strong foundation in phonics and explicit instruction in comprehension and writing. Mathematics, STEM programs (beginning in kindergarten) and our Collaboratory lab all help develop conceptual understanding, creativity and problem solving skills.

Special Areas

All students participate in six special areas each week: Art, Music, Library, Computer, Physical Education and Spanish.

Academic Enrichment opportunities include ACSI competitions in Creative Writing, Spelling Bee and Math Olympics. Extracurricular activities include Chapel Praise Team, Hebrew School, Mission Club, Tech Team, Techies in Training and Robotics Team.

Fine Arts

Music and Art classes are complemented by the Drama Club, Performance Hand Chimes and Mallets, Recorder Club, Ukulele and 4th & 5th Grade Band. Field trips include local theatre performances, community events and museums. Private lessons are available for: guitar, voice and piano.

Physical

Developing a healthy lifestyle is a focus for the Rock Creek community. Students participate in Physical Education class and Intramural Sports programs. The Intramural Sports program for students in grades 1-5 includes football, cross country, soccer, volleyball, basketball, cheerleading and tennis.

Spiritual

Weekly Chapel services and daily Bible instruction help develop each child's biblical worldview and a personal love for Jesus Christ. We believe that growing in favor with God and men is more than Bible study. It is also applying God's Word as students participate in age-appropriate local and global service opportunities as well as serving their fellow students.

The Rock Creek Distinctive

The Rock Creek campus provides a unique learning environment stimulating academic, social and spiritual growth. The open campus provides learning "brain breaks" which invigorate senses and learning capability. The integration of our Providence School for students with Down syndrome promotes appreciation of God's unique design and how we encourage others. Our Sensory Gym offers therapeutic techniques to address physical and academic challenges. The small class size and intimate teaching style allow individual attention to develop each student's gifts to their highest potential.

Rock Creek was the only elementary school in Louisville awarded the U.S. Department of Education National Blue Ribbon School Award for academic excellence in 2012. Our STEM Program was recognized as a National Launch School in 2016.

Christian Academy School System administers Measures of Academic Progress to help assess and enhance elementary and middle school reading and math proficiency. Christian Academy students in grades K-8 consistently score above the national average on standardized tests.
