-GAME DAY SPECTATOR UPDATE-

Our department continues to receive updates and information from the state and county health department regarding spectators at CAI home athletic events. We continue to ask for patience and flexibility as we receive updated information. For now, spectators are limited to 300 total and fans are required to wear masks at all times, even while seated.

If the positivity rate continues to climb, there will be further spectator limitations which would require us to limit the fans to a limited number of family members only.

Stay tuned for more information as it becomes available!

-LAST WEEK'S SUMMARIES- VARSITY GIRLS BASKETBALL

vs. Borden L (53-4)

vs. New Washington L (74-17)

The Lady Warriors played two games last week. The first was their season opener against Borden on Tuesday. The Lady Warriors struggled offensively and were unable to handle the pressure of the Lady Braves. Ella McCoy scored two points while Cori Payne chipped in two more. Ella McCoy also led in rebounds with seven, while Cori Payne had five. The Lady Warriors used the Borden game to work on their game and had a much better offensive showing during their home opener against the New Washington Mustangs on Saturday.

The team showed a lot of offensive improvement in just a few days, but still came up short in the end. The Lady Warriors look forward to building off this improvement and will continue to work hard. Ella McCoy was the player of the evening because she represented exactly what the Lady Warriors program is about: toughness and hard work. She took four charges throughout the course of the game and also led CAI in scoring with nine points. Nicole Tucker added seven points for the Warriors and had a much improved offensive showing.
