

Lego and Read

Participate in another Summer Reading Program	Do 10 Family Devotions	Make a Lego bookmark	Read a fiction Lego book (Lego Friends, Lego Star Wars, Lego Ninjago...)	Send the CAL library a picture from a summer adventure
Take a picture of you reading in a creative way, keeping the Lego theme in mind.	Do a fun Lego engineering experiment: Build a skyscraper, a car, or a bridge!	Make a Lego character from a paper plate, egg carton, or other household recyclable	Make a word search puzzle based on engineering terms. www.abcya.com "word search creator"	Create your favorite scene from the Bible from Legos - send us a pic!
Read <u>Billions of Bricks</u> by Kurt Cyrus	Make up a new ending to your favorite book	Happy Summer! 	Make a Lego wordle. www.abcya.com "word cloud"	Write an acrostic poem using the word LEGO
Read the same book as a friend and discuss it with them	Take a poll among family and friends to find out if they have ever built with Legos	Read a Tumble Book about the ocean or beach. www.caschools.us , students, Destiny	Have an indoor reading day. Build a fort out of boxes, blankets, etc. Send us a picture!	Read Nehemiah 4:15-23 in the Bible.
Got to www.makebeliefscomix.com and create your own comic strip	Read a recipe and cook or bake something.	 Read and illustrate Matthew 7:24-28	Listen to an audio book	Participate in a summer service project. Make a donation, help a neighbor, send a card, etc.

Summer Reading Bingo!

Name _____ Coming Grade/Teacher _____

We all love the blessings of our homes, trusting that they are built solidly and securely. Read about God's advice on building in Matthew 7:24-28. What does God mean in this verse? Illustrate the story and return the illustration with your packet.

This summer, we are playing BINGO to score reading and activity fun! For each "regular" BINGO (horizontal, diagonal, and/or vertical), you will earn a ticket for drawings to be held the 2nd week we are back in school. If you cover each and every square ("coverall"), you will earn 10 EXTRA tickets! The Bible illustration is a required square for everyone.

You'll notice not every square requires reading. Some are fun and creative, some are service-minded, and some have to do with the science of building, as related to our Biblical theme. We believe a well-rounded reader is the most successful.

Tell us your favorite books you have read this summer!
