## Year in Review

Christian Academy<sup>®</sup>  
SCHOOL SYSTEM  
*education with a **Higher** purpose*

# A MESSAGE FROM THE SUPERINTENDENT

Hello Christian Academy Community,

What an amazing experience the 2020-2021 school year turned out to be. I don't know about you but when I think back to the summer of 2020 and how hard we worked to get our schools open, sometimes it feels like it was two weeks ago and sometimes it feels like four years.

I want to thank our students, parents, teachers, staff, administrators, and Board for the partnership as we tackled schooling during a pandemic. With each stakeholder working together and doing their part we were able to have in-person school, five days a week for 95% of the year. We were also able to serve families with a dedicated elementary virtual school and synchronous option for 6th-12th grades.

The year also led us into more discussions and actions in honoring unity and diversity in our buildings and school community. We want to create a biblical basis for unity and diversity that isn't just reactionary but creates real change over time. We strive to make sure that every child feels loved and part of our community no matter their skin color, background, socioeconomic status, or ability.

In October, we announced the Board's decision to consolidate our Rock Creek campus after 42 years. As difficult and emotional as that decision has been, we have definitely seen God's hand through this transition for our families, staff, and our facilities. We were able to celebrate the impact of the campus and the hundreds of students who walked through the doors. We will ensure that Rock Creek's history will be honored and remembered for generations to come.

In March, we hosted a regional accreditation team visit and were blessed to once again be recognized for another five years with Exemplary Accreditation, one of only 15 schools nationally. As a result, Christian Academy schools are accredited with the states of Kentucky and Indiana, regionally with Cognia, and with the Association of Christian Schools International.

As we continue the 2021-2022 school year, I would like to ask you to add three requests to your prayer lists. Please pray for:

- New families that will be transitioning this fall to our campuses.
- Strong candidates as we complete hiring for our open positions.
- Construction projects to be completed on time.

I feel so blessed that I was able to serve you this year. Thank you for being a stakeholder that is connected to your school system; it is truly a wonderful community. May God bless you and your family!

-Darin Long  
Superintendent

**The mission of Christian Academy is to develop students with a heart for God, who grow as Jesus did in wisdom, stature, and in favor with God and men.**

*The student is not above the teacher, but everyone who is fully trained will be like their teacher. -Luke 6:40*

In light of this verse, Christian Academy is committed to the support and education of its teachers.

**Professional Development**  
Christian education research shows that the number one influence of a child’s spiritual growth *at school* is a TEACHER who is growing spiritually as well. To that end, Christian Academy teachers are trained in biblical worldview understanding and use these important concepts daily in their classrooms. Loving God, loving students, and loving what we teach has become a mantra for our schools.

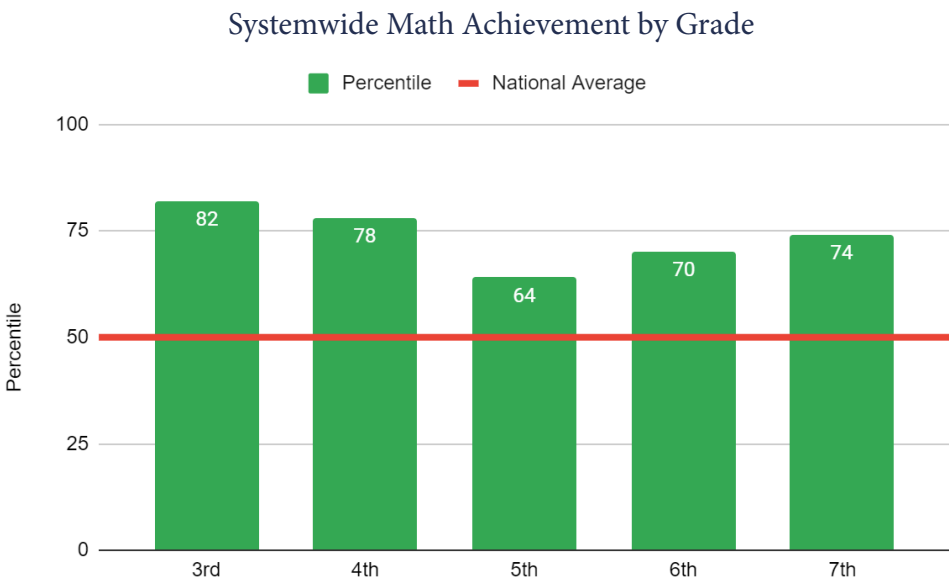

Our students were successful throughout this very stressful year because our teachers were well trained to implement technology into their lessons. The teachers- and thus the students- were equipped with all they needed to have a continuous plan for learning whether in school or at home. Both teachers and students were prepared to use Google Classroom and CANVAS as platforms in the delivery of course content.

**Learning**  
We believe that all students need opportunities to flourish in school. The expectation is that all of them keep growing academically. Student engagement in the classroom allows them to express understanding in a variety of ways, to work collaboratively, think creatively, and solve problems critically.

**Curriculum**  
Christian Academy uses a variety of curriculum resources that are selected through thoughtful and intentional processes. While not all resources are written by Christian publishers, they are all instructed from a biblical perspective. Students are taught from an early age to look at content through a biblical lens and to recognize truth that aligns with Scripture. We desire to use rigorous resources, taught in truth, in order to glorify God in all that is excellent.

**Data**  
Two years ago Christian Academy implemented MAP testing to track the academic progress of our students. This past year, students in grades 3rd through 9th used this growth-based assessment three times to track and utilize their continued progress in learning. Students and teachers set learning goals for weaker areas and to enrich understanding in stronger areas. Teachers use this data to inform their instruction aimed at the goal of helping every child learn and grow. Because of the positive impact, this upcoming school year, students in Kindergarten through Algebra 2 (10th and 11th grade) will be assessed using MAP.

# ENGLISH STATION CAMPUS

*And we know that all things work together for good  
to those who are called according to His purpose. -Romans 8:28*

When we look back on this school year, one word will come to mind-- perseverance. It was amazing to see the work that God did as faculty, staff, students, and families came together to make this year a success. It wasn't always easy, but that just made our dependency on the Lord more evident. Our theme for the year was "FAMILY" and we lived that out by coming together and supporting one another. We persevered and showed resilience in the face of uncertainty and disappointment. While we will look back and remember masks, quarantines, and restrictions, we will ultimately remember what a blessing it is to be a part of the CAL community.

*-Robbie Brown  
High School Principal, English Station Campus*

"Learning issues shouldn't stop me or anyone else from receiving a good education. We just need help to do our best. With help from academic support and teachers who believe in us, we can do our best and be successful like students without learning issues. It's important to find and use resources around you for help. We all need help sometimes and it's important to learn to seek help when you need it."

*Whatever you do, work at it with all your heart,  
as working for the Lord, not for men. -Colossians 3:23*

Christian Academy of Louisville Middle School (CALMS) is committed to developing students with a heart for God, who grow as Jesus did in wisdom, stature, and in favor with God and men. This is accomplished by intentionally providing opportunities for students to grow spiritually and academically.

Students are asked to live each day with five virtues that make up the foundation of our school: Courage, Appreciation, Love, Mindfulness, and Service. These five virtues also lay the foundation for our house system. We have six houses, and throughout the year, there are fun competitions, as well as lessons on how we can live each of our virtues and be “in the world, but not of the world.”

Christian Academy of Louisville is a serving, giving, and loving place where teachers see students as image-bearers of Christ, where students are challenged to reach their full potential and where students and teachers work together to make a difference for the Kingdom.

# ELEMENTARY

*Do not let your hearts be troubled.  
You believe in God; believe also in me. -John 14:1*

At English Station Elementary, loving and serving others before ourselves is key to developing students. This year our focus was on finding the truth and using that truth to love and serve others during a challenging time in the world. Hearts and lives were changed in many ways.

This challenging year has brought many blessings to our school. We are so thankful to God that he allowed us to be here. We praise God for the open hearts and minds of the children entrusted to our care. We are blessed by the teachers and staff that serve the Lord each day in hopes that our children learn and grow in their faith. We praise God for He is the King of Kings and in Him we can trust no matter the circumstances.

*-Sara Osborne  
Elementary Principal, English Station Campus*

Virtual Chapel

“I am so thankful for my Senior Intern and the influence he has on my fifth grade boys! During Chapel in our classroom he started to worship with my students with all the hand motions, singing and everything. At this age, many of my students (the boys especially) think it is ‘not cool’ to worship anymore. I know my intern did this to be an example to these fifth graders, but also because God has given him a big heart. A few of my students started to worship with him. I am praying that they realize they are worshipping for only ONE!”

“God made everyone different. Everyone looks different and different people are good at different things. If you compare yourself to others it will lead to jealousy and pride, which are both sins in God’s eyes. God gives everyone different talents and abilities. He wants us to use those talents to serve Him. Love others because God loves you. You should be kind to others because God loves sinners, so we can definitely be nice to others. In fact, He loved us so much He sent His own son to die for us. Kindness doesn’t cost money. It barely even takes any time.”

Outside Mask Breaks

*Be kind and compassionate to one another, forgiving each other,  
just as in Christ God forgave you. - Ephesians 4:32*

This was certainly a year of change, but we are thankful that we were able to be in school in person throughout the year! I'm so proud of our staff, students, and parents as they were all flexible, adapting to new ways of doing things. Terms and processes that we'd never heard of before became routine, as we continued to focus on what was best for our students. Even though we weren't able to do everything included in a normal school year, the students made great academic progress, and we slowly were able to add back some of the "fun stuff." As the year went on, restrictions were lifted and we were able to have concerts, retreats, field day, prom, and our graduation ceremony; we were so thankful for the ability to share those moments again!

We firmly believe that having our students and staff face to face is the best way for learning, relationships, spiritual development, and growth to take place, and we are thankful that we were able to do that even during a global pandemic. We learned lessons in adaptability, resilience, and creativity. Through it all we know that God was guiding our steps. We have been grateful for His kindness, compassion, and forgiveness throughout the year, and we endeavored to extend those to one another as well, even in the midst of ever-changing circumstances. Although we've had our fill of masks, social distancing, and quarantines, we can say with no hesitation that this was a great year!

*-Scott Luttrull*

*Middle and High School Principal, Indiana Campus*

"We are battling many cultural struggles. God is in control and is unifying us as defenders of the faith. Anyone with a strong foundation in Christ can lead fellow Christians. We equip ourselves with the Bible to defend and strengthen ourselves as we grow in Christ."

***Rejoice in the Lord always. I will say it again: Rejoice! -Philippians 4:4***

Our theme for this past school year focused on rejoicing in the Lord always. We embraced the opportunity to allow the joy of the Lord to fill us and overflow out of us in all circumstances. In our chapel services and classrooms, we learned what it looks like to see God working in all things and find our joy in Him. God has been faithful to give us many reasons to rejoice in the midst of such unprecedented times. This school year began with a lot of unknowns, and we were determined to trust God's providential hand. We didn't know if we would be able to continue in-person learning for the entire school year, and we were determined to make the best of what was given us.

Some great initiatives came from the need to think creatively about community engagement, missions, and learning. We began live streaming our chapel services, allowing families to connect with us virtually in worship and spiritual development. We launched our Christian Academy of Indiana- Elementary Facebook page to welcome parents and community supporters into the classrooms on a virtual platform. Both of these initiatives now capture tokens of remembrance of what great things God is doing both in and through CAI elementary. Students took virtual field trips and interacted with famous authors through our new Zoom platform. We shared videos of worship and encouragement to local nursing homes, our grandparents, and local church leaders. So, even though we were not able to physically connect with the local community like we have in the past, the reach of our connections grew into a potential for a global community.

We rejoice that our faculty, staff, students, and families worked together during the 2020-21 school year to make the most of what was laid before us, and the faithfulness of God was evident in all the amazing things we were able to accomplish together for His Kingdom.

# ROCK CREEK CAMPUS

*Do your best to present yourself to God as one approved, a worker who has no need to be ashamed, rightly handling the word of truth. -2 Timothy 2:15*

Each day at Rock Creek provided another day to make a positive impact on the lives of our students and families. We started the school year with joy of being together in person. Fear of the unknown was evident as we navigated through the COVID pandemic, but we were confident that we would be better together, and in-person learning was a gift that we did not take for granted. The entire school year was a beautiful picture of God's work through His followers. We intentionally focused on the word "developing," as we understood that our role is only a small part of God's perfect plan in light of eternity. Understanding that all who are a part of our school are in the developing stage kept us moving forward. It became clearer that only God and His Word remain unchanging.

In October, we learned that Rock Creek would transition through consolidation at the completion of the 2020-2021 school year. Still, the mission would continue, and we believed wholeheartedly that God would orchestrate circumstances to accomplish what only He could do. Despite the sadness, we choose to press forward and trust Him.

We have much to be thankful for. We finished our days serving well at Rock Creek. God has gone before us and provided for our entire Rock Creek family as we have been empowered to become leaders whose impact extends beyond our campus. Each day has been evidence that we appreciated the time together as we focused on our mission to develop students and modeled what it means to be "better together."

# Celebrating Rock Creek

## 42 Years of Service

Christian Academy opened its doors in September 1976, beginning with 120 students in two rented church facilities, serving grades 1st through 6th. To serve growing interest and families' needs, a middle school was opened at Southeast Christian Church in 1977. The need for additional space and to consolidate the three facilities was apparent.

**1976**

Tenth grade was added in fall 1979, 11th grade in fall of 1980, and in the spring of 1982, Christian Academy of Louisville celebrated its first graduating class.

**1982**

In the fall of 2013 the Providence School was opened for families who have children with Down syndrome. The Providence school offered these families a Christian educational experience while impacting all students with life-changing opportunities through integrated academic, spiritual and social interactions.

**2013**

In August 1978, through generous gifts, diligent prayer and hard work, the financing needed for a new facility became available, and the first Christian Academy school in our system was created on Rock Creek Drive. All three facilities combined and Rock Creek opened for school with an enrollment of 326 students, serving grades 1st through 9th.

**1978**

In the 1990s, with student enrollment at capacity at the Rock Creek campus, the Christian Academy Board of Directors heard God's call for further expansion. Our English Station campus opened in the fall of 1998. It was decided to keep our Rock Creek campus as an elementary school. Our first preschool was also established this year at Rock Creek.

**1998**

In October of 2020 it was announced that the Rock Creek campus would consolidate with our other campuses at the end of the 2020-21 school year.

**2020**

## The mission continues...

# SOUTHWEST CAMPUS

*Love the Lord your God with all your heart and with all your soul and with all your mind. This is the first and greatest commandment.  
And the second is like it: Love your neighbor as yourself. - Matthew 22: 37-39*

This year our school theme was “Loving God,” and it was based on the truths Jesus stated in Matthew 22: 37-39. This truth is the same, even during a pandemic.

Although our school year was different in so many ways, our mission of developing hearts for God remained the same. We had to be intentional in prayer, God’s word, teaching His truths, and walking by faith. Our students were amazing, and our faculty and staff ran this race with perseverance and faithfulness. Students added a mask to their uniform, along with social distancing and extra hand sanitizer throughout the day. Every routine and schedule had new procedures this year. However, they were just happy to be here.

This was a year to live boldly Philippians 4:4-7, “Rejoice in the Lord always. I will say it again: Rejoice! Let your gentleness be evident to all. The Lord is near. Do not be anxious about anything, but in everything, by prayer and petition, with thanksgiving, present your requests to God. And the peace of God, which transcends all understanding, will guard your hearts and your minds in Christ Jesus.” Students were led to see Christ and to look to Christ. That is, and will always be, a firm foundation. Hearts were developed this year. Some we were blessed to witness, and others we sowed the seeds and continue to trust in God’s will. All for HIM!

*-Anna Carson  
Principal, Southwest Campus*

**Classroom Virtual Chapel**

**Field Day**

*Jesus answered, “Haven’t you read in the Scriptures, ‘You have taught children and babies to sing praises?’” - Matthew 21:16*

In Junior Academy at Christian Academy, children from three years up to pre-Kindergarten are introduced to Bible stories, numbers, colors, the alphabet and activities that help them grow intentionally in ways that honor all that God is building in their hearts and minds.

## Jenny Smith- CAL '90

When Jenny was 16 years old, she sustained a C6-7 spinal cord injury, leaving her paralyzed from the chest down. As a trained counselor, Jenny now helps people of all abilities live full and active lives. She has a passion for motivating and educating others about living the impossible through her speaking and writing, especially through her blog and YouTube channel, *Jenny Smith Rolls On*.

This summer Jenny released a book, *Live the Impossible*, providing education, practical solutions, resources, and hope. She shares what it looks like to live with paralysis, from the everyday details most people never think about, to the countless people who have impacted her life along the way. With honesty and humor, faith and fortitude, Jenny shows us how we can all live the impossible, even when life doesn't go as planned.

“As a CAL graduate, there are so many things I wish I could relive over and over again. The senior retreat, every basketball game and every concert that I participated in. All of my teachers helped me to be a better person. I am thankful for all my friends and the staff and faculty members. They not only made me a better person, but they also made me a true believer of God.”

-CAL '20 Alumna & International Student

## Alli Stumler- CAI '18

Alli Stumler '18 is the outside hitter for the University of Kentucky Wildcats. In April 2021, the Wildcats won the NCAA Division I Women's Volleyball Championship.

During her time at CAI, Alli was part of the school's 2015 IHSAA Volleyball State Championship Class A team. This August, Alli came back to host a volleyball camp for our youngest Warrior athletes.

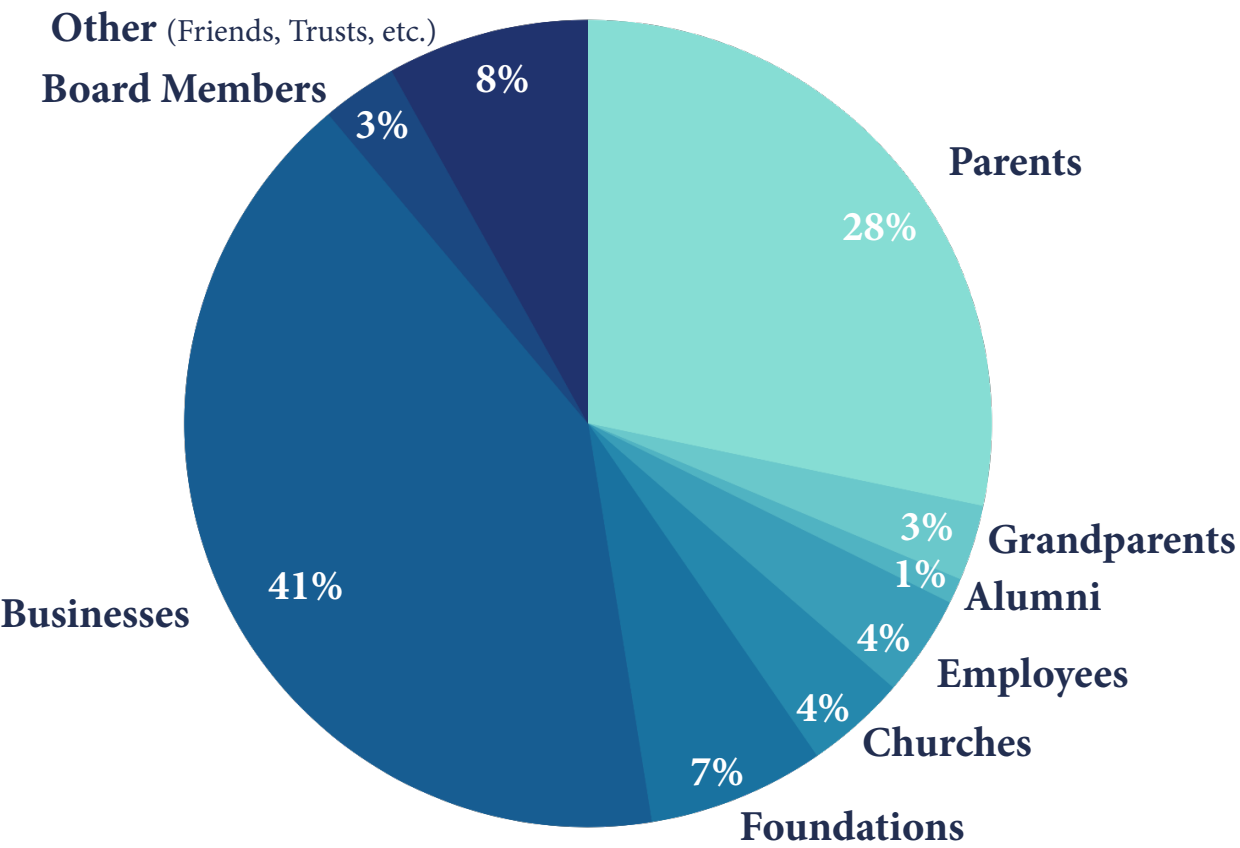

Campus Giving

# Ways to Give

Christian Academy relies heavily on private donations to support the Annual Fund, capital projects and other efforts that allow us to work collectively to impact the Kingdom. We are thankful for the many ways to give back.

Multi-Year Pledge | Monthly Recurring Gifts | Stocks, Bonds & Mutual Funds | Matching Gifts | Personal Property | Real Estate | Gifts-In-Kind | Donor Advised Funds | Support the Gala
