

BigFuture Scholarships

BigFuture is the trusted resource that helps you guide students on their journey to life after high school. Earlier this month, we introduced a more mobile-friendly user experience that is easier to navigate and is informed by student and counselor feedback.

Three Ways BigFuture Is Evolving

1. **Personalized Dashboard:** When they log in, students now see a dashboard of steps to plan for college, pay for college, and explore careers. More steps will be added throughout 2022.
2. **New Student-Generated Video About Colleges:** When searching for colleges, you'll now find student-generated videos with profiles for more than 300 schools. New videos are added all the time through our partnership with CampusReel.
3. **New College and Career Tools:** BigFuture's new user experience includes improved tools. Scholarship Search, which generates a personalized list of awards, replaces our prior scholarship tool. BigFuture now connects users with Career Finder™ in lieu of previous major and career search tools. Finally, students can now use the Estimated Family Contribution (EFC) Calculator to more easily calculate the net price for multiple schools. We'll introduce a new interest survey along with career search and other affordability tools throughout 2022.

For Juniors: Earn \$500 and \$40,000 Scholarships from BigFuture

College Board Opportunity Scholarships are now called BigFuture Scholarships, beginning with the class of 2023. By completing college planning steps on the BigFuture dashboard, juniors will be automatically entered into drawings (.pdf/403 KB) for \$500 scholarships plus two \$40,000 awards every month.
