### AP Class Fees

High school Advanced Placement (AP) classes require fees for the AP exams, which are taken at the conclusion of the course; this is how students are able to earn college credit for the courses. AP courses are \$110 each. These fees will be invoiced through FACTS Tuition, our tuition payment system. We realize that students often make changes to their schedules during the first couple of weeks of school, so charges will not be invoiced to your account until the end of August.
