FROM THE SUPERINTENDENT

Dear Christian Academy Community,

One of the greatest joys of education is watching students discover their God-given talents and passions. Each child is uniquely created with a purpose and, at Christian Academy, we are committed to helping them recognize and develop their gifts—both academically and spiritually.

As part of the Christian Academy Strategic Plan, we strive to cultivate a culture where students explore their interests, pursue excellence and take ownership of their growth. Education is more than gaining knowledge; it is a journey of discovery and faith. When students embrace challenges, set personal goals and seek God's guidance they grow not only in intellect but also in character and purpose.

In our high schools, we continue to expand pathways and elective courses that equip students for their future. Whether through the arts, sciences, Bible classes or leadership programs, we want each student to develop the wisdom and skills to impact the world for Christ. Our goal is to prepare them for academic success and to be servant-leaders who apply their knowledge in ways that honor God and serve others. This reflects our mission: to develop students with a heart for God who grow as Jesus did in wisdom, stature and in favor with God and men" (Luke 2:52).

As we reflect on this year's progress and look forward to the future, we are deeply grateful for the support of our parents, grandparents, alumni and community. Your prayers, encouragement and involvement make it possible for us to nurture students who will lead with faith and conviction.

Thank you for being part of this journey with us. May God continue to bless our students, our school and our shared mission.

Mr. Darin Long, Ed.S.
Superintendent

OFFERING EXCEPTIONAL ACADEMICS

Through Diplomas of Distinction and
Dual Enrollment Opportunities

FROM OUR TEACHERS

"Due to the Biomedical Science focus of the program, many students have had a chance to narrow what career path they want to take. Particularly, they are drawn to, and fascinated by, the hands-on nature of the classes; their ability to think critically in any situation and the college readiness provided."

*- Delisa Riley,
High School Science Department Chair*

"Whether students want to pursue a career in biomedical, civil, computer, electrical or mechanical engineering, they are able to experience a hands-on approach to prepare for their future. The School of Engineering is a place where students hone their critical thinking skills in solving current and future societal needs. They also develop an understanding of how God can use their gifts and interests in the field of engineering to become a servant-leader in a variety of careers!"

*- Aimee Shabaan,
Director of School of Engineering*

SCHOOL OF BIOMEDICAL SCIENCE

The Diplomas of Distinction offered by Christian Academy of Louisville go beyond academic rigor to developing the hearts and minds of our students to be distinctive in a well-developed biblical worldview. The School of Biomedical Science, School of Engineering, School of the Arts and School of Spiritual Formation each offer a cutting-edge curriculum with real life, hands-on experiences to equip students for collegiate and/or professional preparation in these areas of study.

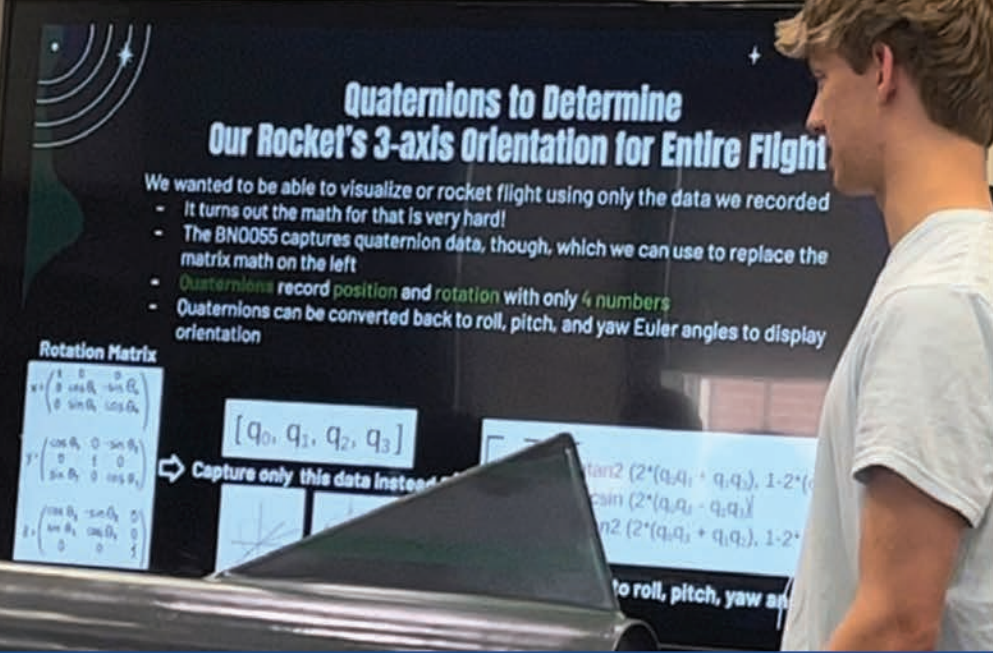

In the arts, students can focus on choral, instrumental and visual arts. Students pursuing a Diploma of Distinction from the School of the Arts are required to take additional core performance or artistic development courses, AP classes and participate in performance/artistic competitions.

In science, students desiring a diploma of distinction from the School of Biomedical Science are required to take AP science courses and four courses that concentrate in science biomedical study. Additionally, students participate in local health initiatives, community and/or international service projects, an internship and acquire CPR certification.

In the School of Spiritual Formation, distinction consists of four semester-long core courses (in addition to regular Bible classes) that focus on developing students as spiritual leaders who bring the kingdom of God to their present and future callings. Additional features in this pathway include individual mentoring, student retreats, guest speakers, an internship, leadership development, field work, an individual student portfolio and opportunities for college credit. There are no weighted grades in this pathway and class sizes are small to enhance a personal discipleship experience.

Courses in the School of Engineering are designed to challenge and expand a student's engineering knowledge, analytical abilities and critical thinking skills in bringing God-driven service to others. SOE-enrolled students will enjoy teamwork, problem-solving activities and learning experiences that will serve students well in life as well as in key professions. Such occupations may include careers in biomedical engineering, civil engineering, mechanical engineering, architectural design, electrical engineering, computer science and many others.

(continued on next page)

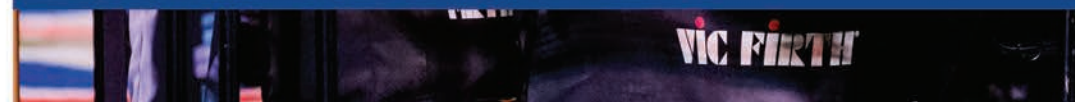

SCHOOL OF ENGINEERING

SCHOOL OF SPIRITUAL FORMATION

SCHOOL OF THE ARTS

LEARN MORE ABOUT OUR DIPLOMAS OF DISTINCTION

FROM OUR TEACHERS

"It never ceases to amaze me of the commitment that the students, directors and staff show to make all of this possible. With God at the center, this department has grown from 65 students and one full-time staff member in both the middle and high school to 781 students today and 10 full-time staff members and two part time staff for 6th-12th grades. Our School of the Arts students continue to earn multiple offers and large scholarship dollars from colleges and universities across the nation. We have multiple seniors who attend Christian universities and some have already earned their entire college career paid for through scholarships and grants. SOLI DEO GLORIA!"

*- Matt Wooten,
Director of the School of the Arts*

"Every student at Christian Academy takes challenging and formative Bible classes during their time in high school. The School of Spiritual Formation provides a unique opportunity to participate in a smaller community of disciples eager to grow together in wisdom, advanced biblical study skills and spiritual leadership. Taking additional courses and serving in various ministry settings, these disciples advance God's kingdom on our campus and throughout the world."

*- Amy McConnell,
Director of the School of Spiritual Formation*

SCHOOL OF THE ARTS

Through Christian Academy's growing and award-winning fine arts programs, students have numerous opportunities to develop their gifts and those opportunities through the Christian Academy School of the Arts. In addition to the Honors, College Prep and Standard Diploma offerings, graduates of the School of the Arts will also receive a diploma with a special School of the Arts designation reflecting their successful completion of the program requirements.

SCHOOL OF SPIRITUAL FORMATION

This organic, three-year pathway fully unites with the mission statement of Christian Academy to develop students with hearts for God who grow as Jesus did in wisdom, stature and in favor with God and men. Some features include individual mentoring, small class size / learning environment, retreats, guest speakers, an internship, college credit, leadership development, Christian service experience and an individual student portfolio. Students who successfully fulfill all of the pathway obligations will receive a Christian Academy diploma of distinction.

SCHOOL OF BIOMEDICAL SCIENCE

Based on course offerings, student involvement and proficiency as well as the integration of science within the school, Christian Academy was designated as a "Distinguished High School" by Project Lead the Way (the nation's premier provider of STEM curriculum) in 2019. Students wishing to take a concentration of science courses in the SBS will earn a diploma distinction reflecting their enrollment in the SBS. In addition to specific coursework, this concentration requires an annual paper and portfolio including insights and reflections on their year, CPR Certification, participation in the Global Missions Health Conference, health service requirements and HOSA membership.

SCHOOL OF ENGINEERING

Courses in the School of Engineering are designed to challenge and expand a student's engineering knowledge, analytical abilities and critical thinking skills in bringing God-driven service to others. SOE-enrolled students will enjoy teamwork, problem-solving activities and learning experiences that will serve students well in life as well as in key professions. Such occupations may include careers in biomedical engineering, civil engineering, mechanical engineering, architectural design, electrical engineering, computer science and many others.

2025 CHRISTIAN ACADEMY

GALA

a gourmet experience

Christian Academy's 2025

GALA

was held at The Foundry in Jeffersonville, Indiana. It was a tremendous success, bringing together over 250 guests and raising an incredible \$170,000. We are so grateful to everyone who contributed by donating an item, bidding in the auction, attending the event, making a donation or simply, continuously keeping Christian Academy - our staff, students and families - in your prayers.

As our largest fundraiser of the year, the Gala would not have been possible without each of you. A special thank you to our wonderful MC, Kelly Higdon, our talented chefs and our outstanding auctioneer, Davin Smith, for making the evening unforgettable!

We truly appreciate your support of our Gala!

CELEBRATING TENISHA AND JASON

A Legacy of Excellence in Christian Academy of Indiana Theater

After 14 years of dedication, creativity and faith-driven leadership, Jason and Tenisha Branim are retiring as the drama directors of Christian Academy of Indiana's theater department. Their impact on the program and its students will be felt for years to come.

THE JOURNEY BEGINS

Jason's entry into theater was unexpected. While teaching at another school a friend asked for help with an intermission performance. That small role led to assisting in directing a show the next year. When his colleague moved on, Jason and Tenisha took over directing together, beginning a journey that would shape their careers and inspire countless students.

Tenisha's background in music gave them a foundation but large-scale productions were a new challenge. Nevertheless, they embraced the opportunity to grow a theater program, bringing their strengths together to build something extraordinary.

Beauty and the Beast - 2019

OVERCOMING CHALLENGES

Every production has its share of challenges. Jason recalls the pressure of executing a 45-second set change in *Charlie and the Chocolate Factory*, made more stressful by a problematic candy boat that required last-minute repairs. *Miracle Worker* presented a different challenge as its emotionally intense storyline required deep commitment from the cast.

Their first live orchestra experience during *Wizard of Oz* was another hurdle. The show contained some of the most difficult instrumental pieces, making opening night a trial by fire. *Prince of Egypt* also brought obstacles—from inclement weather to facility issues—that required constant adaptability.

TRANSFORMING THE THEATER DEPARTMENT

When the Branims began leading, musicals were a new challenge. Over the years they reinvested profits from performances to enhance the program. Their vision led to improvements in lighting, sound, staging, costumes and overall production quality, transforming the department into a thriving program.

MORE THAN DIRECTORS

For Jason, directing was about investing in students. He pushed his cast and crew beyond their perceived limits, helping them grow in both talent and character. He prioritized meaningful conversations and spiritual growth, ensuring that students knew they were valued beyond their roles on stage.

The Newsies - 2023

A LASTING LEGACY

As they step away, Tenisha and Jason leave behind more than a well-equipped theater department. They leave behind a legacy of hard work, faith and excellence. Their hope is that students remember how they were encouraged to push beyond their comfort zones, believe in themselves and use their talents to glorify God.

A MOTTO TO LIVE BY

If the Branims could sum up their philosophy in one phrase it would be: “Glorify God with excellence and hard work.” This principle has shaped every production, rehearsal, and interaction, ensuring that Christian Academy’s theater program remains a place where students can grow artistically, personally and spiritually.

Mary Poppins - 2019

(Continued on next page)

A FOND FAREWELL

While they will miss working closely with drama students, Tenisha and Jason Branim can take pride in the incredible legacy they leave behind. Their influence will continue to inspire and uplift the next generation of performers and directors.

Christian Academy of Indiana Theater will forever be grateful for the Branims' dedication, passion and faith-driven leadership. They have built more than a theater program—they have built a family. And for that, we celebrate them with gratitude and admiration.

HOMECOMING 2024

CAL hosted its annual Alumni Homecoming Dinner in September, drawing over 200 attendees from various graduating years. The event provided an opportunity for old friends to reconnect after years apart, fostering a sense of camaraderie and nostalgia among attendees. Many cherished the chance to catch up with acquaintances they hadn't seen in a long time, making the evening a memorable one for all involved.

CHRISTIAN ACADEMY Alumni *Warriors for Life*

HOMECOMING 2025

CAI celebrated its annual Alumni Homecoming Dinner in February after winter storm delays, attracting alumni from different graduating years. The gathering served as a chance for long-lost friends to reunite. Attendees valued the opportunity to reconnect with old acquaintances, creating lasting memories for everyone present.

STAY IN TOUCH FOR MORE DETAILS ON
HOMECOMING 2025 - 2026

WARRIOR ALUMNI BASEBALL GAME

The CAI Alumni Baseball Game on September 12, was an unforgettable evening that brought together former players and friends for a night of fun and to create memories. Alumni had the opportunity to hit the field once more, reliving memories from their school days. Others simply enjoyed the game as spectators. It was a celebration of not only baseball but also the lasting friendships and shared experiences that have stood the test of time.

The evening's festivities kicked off with a heartfelt rendition of the National Anthem, performed by Nathan Paris on the saxophone, setting a tone of respect and unity. The event was a perfect blend of sports, music and community spirit.

As the game progressed, alumni gathered for dinner, laughing and reminiscing over fond years spent at CAI. The shared stories and moments created a warm and welcoming atmosphere. For those who couldn't make it, staying connected is easy by visiting the CAI Alumni page to keep up with future events and news. It's a wonderful reminder that even as time passes the ties formed in the CAI community remain strong and unbreakable.

A Celebration of Love

*The Wedding of
Carson and Hannah Kastensmidt*

On February 10, 2024, surrounded by friends and family at the breathtaking Phillips Groves in Radcliff, Kentucky, Carson and Hannah said "I do" in a beautiful ceremony that was as unique as their love story. The day was filled with heartfelt moments, starting with first look and private vows exchanged between the couple before the ceremony. It was a special time for the two of them to pause and soak in the significance of the day. "We felt that the private moment we had before the ceremony was the most special touch on our wedding day," Hannah shared. "It was exactly what we needed during the busyness of the day."

The ceremony itself was a deeply meaningful occasion. Officiated by a pastor from their beloved church, Sojourn Midtown, the couple was surrounded by those who mattered most. Carson and Hannah's favorite part of the ceremony was when they shared their first communion together. A friend led the guests in a worship song, blessing the ceremony as the couple prayed intentionally. It was a perfect reflection of their shared faith and values.

The reception that followed was a celebration of love, laughter and joy. Guests enjoyed a lively atmosphere, especially when the newlyweds made their grand entrance down a stunning staircase to the high-energy song Boom Boom Pow by the Black Eyed Peas. "We loved having everyone we care so deeply for, all in one room," Carson said, reflecting on the heartwarming celebration with their closest loved ones. The dance floor was alive with energy as the couple danced the night away, cherishing every moment of their first night as husband and wife.

After the festivities, the couple escaped to a blissful honeymoon in Punta Cana. They spent their days basking in the sun at an all-inclusive resort, savoring the beauty of the Caribbean. "We loved every minute of it and can't wait to go back!" Hannah exclaimed, already dreaming of their next getaway. The honeymoon was a perfect way to begin their life together, filled with rest and adventure.

Now, as newlyweds, Carson and Hannah are building their lives together in Louisville. Carson, a recent graduate of the University of Louisville with a degree in Mechanical Engineering, has been working at C&I Engineering for nearly two years. Meanwhile, Hannah is completing her communications degree online through Liberty University while also serving on staff at the non-profit Young Life. In addition to their professional and academic pursuits, they are both deeply involved in their community. As volunteers for WyldLife at Kammerer Middle School, they disciple middle school students, sharing the gospel and walking with them in their faith. Their commitment to service is an integral part of their relationship as they continue to grow together in both love and purpose.

From the intimate moments before the ceremony to the celebration with friends and family, Carson and Hannah's wedding was a perfect reflection of their shared values, love and faith. As they embark on this next chapter of their lives, it's clear that they will continue to inspire and support each other, grounded in love and service.

Honoring a Legacy:

Celebrating Mrs. Susan Beckley's 42 Years of Teaching

After 42 years of dedicated service, Mrs. Susan Beckley retired last year, leaving behind a profound legacy of love, faith and excellence in education. For over four decades, she poured her heart into teaching kindergarten students, instilling in them not only foundational academic skills but also values of kindness, patience and faith.

Former colleagues and friends reflect on the incredible impact Mrs. Beckley has had on students and staff alike. Rhoda Wolfe shares, "The things that I remember about teaching with Susan are that she was always resilient, very creative in her approach to teaching and at the same time down to earth. She shared her insights generously and was so fun to teach with! As her kindergarten students reached my fifth grade classroom they and their parents were still gratefully in awe of her impact!"

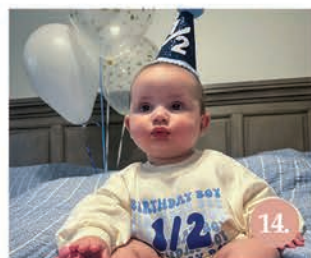

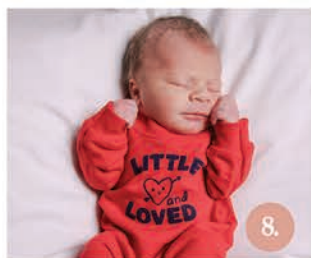

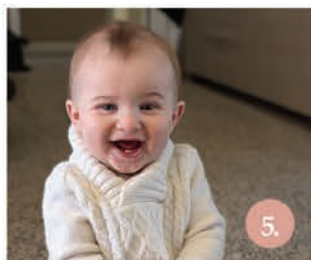

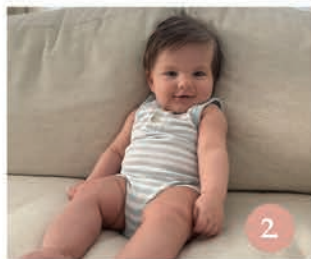

42 years of excellence...

Marilyn Hock, another longtime friend and co-worker, fondly describes Mrs. Beckley as "Christ-like, faithful, kind and loving, thoughtful, helpful, creative, patient, a gentle encourager and a legacy! We honor and love you!"

Kevin Wilson also highlights her steadfast dedication: "Mrs. Beckley is an amazing educator and I am so thankful for her many years of serving the Lord and His kids! You could always count on Mrs. Beckley to teach with excellence, model integrity and show a deep love for her students!" Kay Barbour adds, "She was a wonderful, Godly leader and a wonderful asset in every way."

As she embarks on her well-earned retirement, Mrs. Beckley leaves behind generations of students and families forever touched by her faithful service. Her legacy will live on in the hearts of all who had the privilege to know her.

Alumni Babies

We are excited to announce our Alumni babies born through spring 2025. We celebrate with their parents and families as we welcome them into our Christian Academy family. We will feature births from 2025 and 2026 in our 2026 spring issue. Please send any announcements to kdeary@caschools.us.
