

Welcome to Christian Academy of Indiana!

Below are the most frequently asked questions and answers from our first year parents. We hope this helps you get started. You can always visit our website at caschools.us and click on your campus for more specific information and contacts to help you through this year.

 - The school to send communications to parents
 - Parent access to a non-pictorial directory
 - Parents to be alerted regarding school day delays or cancellations

- **Canvas**

We also use a program called Canvas in grades 5 - 12. This is a tool for your child to help him/her manage assignments and classroom content. Teachers will post information, power points, resources, etc., on Canvas, and students will be able to turn in their assignments through this program. All high school/middle school students are automatically enrolled in each of their courses in Canvas, and their teachers give them the login information they need. As a parent, you are able to log in as an observer of your child's Canvas account. For information and directions on how to do this, please click [here](#) and scroll down.
- **My Payments Plus**

This online service is free to help parents track their student's purchases and keep track of how much money is in their student's account. **To sign up, visit www.mypaymentsplus.com** and have your child's Student ID available, which your child will receive once the school year begins. You may also click [here](#) for instructions. There is no cost for this service, unless you choose to deposit funds online. The email notification of low funds and the purchase history is all free. This is the only way to keep track of your student's cafeteria account. If parents have any questions about My Payments Plus, they are encouraged to contact the cafeteria manager.
