## POINTED ME TO JESUS

My time at CAL was really special. I was incredibly involved in the arts program. Singing in choir and jazz band and being a part of the concert band and marching band were highlights. I also was super involved in the theater program. One of my very favorite memories was being a part of a production of *Hello, Dolly!* I don't think I truly understood the gift of being part of a school where I could have my hand in so many of the arts at once!

Also, the teachers in the arts department really shaped who I am in many ways and poured into my development as a musician. But many of them went a step further and encouraged me in my faith and pointed me to Jesus!

I am currently living in Indianapolis with my wonderful husband and children. I have boy/girl twins who will be four this January and a one-year-old daughter. I practice pediatric dentistry and also perform as a jazz vocalist in town. I just released my first jazz album, 'Fundamentally Unfinished' this past October! I am quite busy, but really am enjoying this season of life!

I know the arts department has expanded since I was a student at Christian Academy, and that is so awesome to see and hear about! I hope to come back for a musical or theatrical production someday to see how much it has grown and changed! I am incredibly grateful for my time at Christian Academy, and excited to see the school continue to pour into students lives!
