SURROUNDED BY PEOPLE WITH A HEART FOR GOD

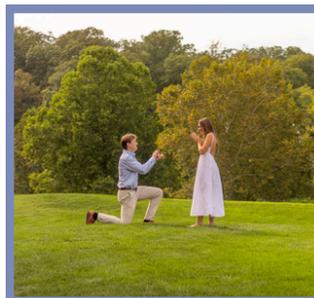

I loved my time at CAL! I started in 8th grade after moving from Florida three days before school started. Not the most fun way to end the summer, but I immediately loved it. Beginning in 8th grade was difficult because everyone had known each other since at least 6th grade, and a lot of them since Kindergarten. Thankfully, I quickly made a good group of friends that I am still close with today! High school was really fun being involved in athletics, clubs, and going to football and basketball games. I played on the softball team for five years and made friendships that will last a lifetime. I was also involved in NHS and able to serve the community alongside my friends.

My time at CAL is extra special to me though, because I met my now fiance , Phillip Fetter! We began dating junior year and a favorite memory is being voted Homecoming king and queen! Being able to share these memories with our future family will be so special to us. Our senior year was definitely different because we were in the middle of the pandemic, but my friends and I still made the most out of it, whether it was meeting in parking lots and sitting in our cars, or falling asleep on Zoom calls. I will cherish these memories!

I recently graduated from Indiana University with a management and sales degree. While job searching, I found a posting for a Human Resources recruiting role at Christian Academy. I felt as if the Lord was leading me to serve the school that created so many good memories for me. I now work on the HR team as the Recruiter and Athletics Specialist. I get to go to career events on college campuses and talk with potential candidates about how special Christian Academy is! I also get to work alongside the athletics departments at both CAL and CAI to help hire coaches for our teams. I love the team I get to work with and being surrounded by people who have a heart for God.

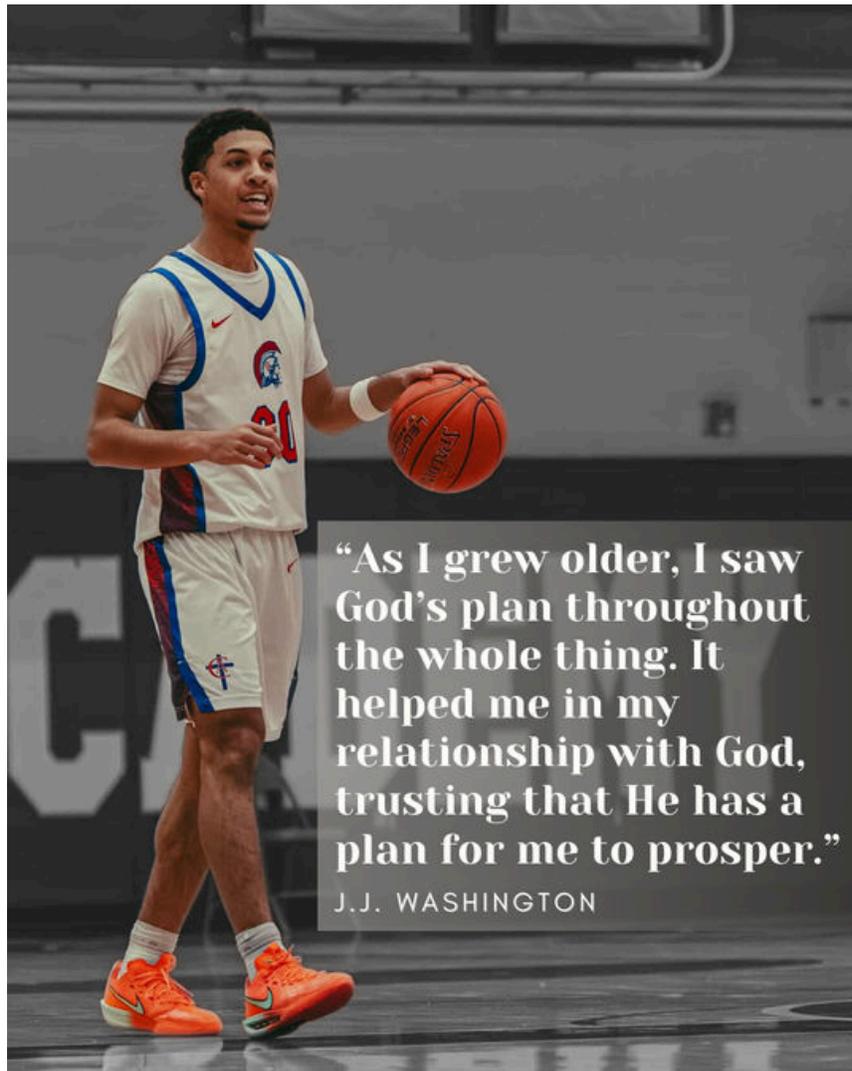

CAL prepared me for college and life after! Professionally, I was able to take a lot of honors and AP classes. This taught me how to work hard and manage my time, which helped me get into a highly ranked business school. I am thankful for the teachers who pushed me to be disciplined in my studies. Spiritually, CAL implements faith in their classrooms, sporting events, and everyday activities. It was influential watching teachers live out their love for Christ. My faith grew at Christian Academy and will continue to be the priority in my life, whether that's in my relationships, work environment, or the way I carry myself. I am so thankful for CAL and am proud to have spent my high school years there!
