TECHNOLOGY FAQS PTO Hospitality -
how to help!

From Mr. Behnken...

During these coming weeks (after 2/27 & 2/28), CAL will have the longest stretch of uninterrupted traditional school weeks that your student will experience for the remainder of the school year. These twenty-five days of consistency is shown (through data and studies) to be a time of very effective academic growth.

The reason I share this with you is so you can be encouraging your student to really “lock in” (a term they love) to school during the coming 5 weeks leading up to our spring break. This time of uninterrupted school and learning has the potential to provide the best learning gains of the spring for teenagers. There are many studies that back this up. Looking at it as opportunity, let’s work together to make the most of it and get the most return on investment with these good conditions that we are afforded.

Happy (early) Spring from the CAL HS team!

COUNSELORS CONNECTING

Our High School Counseling team is passionate about helping students find their God given calling. We believe that He has uniquely crafted and shaped each one of them to serve Him in various platforms. You don't have to be in the ministry, service to God is accomplished in all areas of work. One way that we guide them to find their calling is through Career Day, which we host every other year. Our past Career Days have been huge successes and we are excited for this year’s event on Friday, April 24. We will have over 40 careers represented by Christian professionals in our community. Students will be able to choose and sign-up to hear four different professionals talk about their careers. In addition, students will need to complete a 2-hour shadowing experience. This is an opportunity for them to explore a career that might interest them.

High School Counselors,

Jill Blount (Last Names A-G), Chrissie Moon (Last Names H-O),

Jordan Heishman (Last Names P-Z)
