From Mr. Behnken...

Winter keeps us on our toes.

With winter weather and the latest apocalyptic snow storm predictions that inevitably come during these months, it is good to be flexible and prepared. Christian Academy has made more use of non-traditional instruction days (NTI) during winter weather earlier this school year—so it stands to reason that if/when heavy winter weather hits, students could have academic work to do. I share this so students can seek to be prepared for whatever decisions are made.

When possible, try to bring home your materials needed when winter weather is forecast—better to have them with you than not—in case an NTI day is declared. While not ideal, part of any experience is making the best you can of the circumstances around it. Being prepared for winter weather is the best way for students to make it profitable.

To God be all glory.

Talbott Behnken

COUNSELORS CONNECTING

We would like to take a moment to introduce you to a new member of our counseling team. We will miss Mrs. Brown, and appreciate her many years of service, and wish her well in her new endeavor! We are also grateful for the new member of our team, Mrs. Jordan Heishman, and would like to introduce her below.

Hi CAL! My name is Jordan Heishman, and I am excited and honored to join Christian Academy of Louisville as a new guidance counselor. I feel blessed to have the opportunity to walk alongside students during such an important season of their lives, offering encouragement, support, and care each day. I will be working with students whose last names fall between P–Z, as well as all Providence students. My goal is to support students academically and emotionally while also helping them grow in their faith. I hope to provide a space where students feel comfortable, supported, and heard. I hold a Master's degree in Mental Health Counseling and have spent the past four years working primarily with teenagers. I am passionate about helping adolescents navigate challenges, build confidence, and grow into who God has created them to be. I'm looking forward to getting to know students and becoming part of the CAL community. Please feel free to stop by, say hello, or reach out. I'm excited to be here!

FAMILY CALENDAR
