

Message from the athletic director

Brad Morgan
Athletic Director

Thank you to all of the athletes and supporters who helped make this athletic year one to remember!

This season, we saw three teams (football, field hockey, boys golf) and several more individuals win state championships. Along the way came several more district and regional titles, as well as a number of impressive personal milestones and accolades.

More importantly,

our athletes grew spiritually, which is the athletic department's primary goal.

Of the 176 students who graduated from CAL this year, 22 are committed to play collegiate athletics next year. Our mission is that those athletes, as well as the numerous others who have participated in

our athletic programs, serve as disciples to their future teammates, classmates and coworkers.

All in all, we believe the 2023-24 school year was a resounding success made possible by the continued support of the CAL community.

Our prayer is that this season has been

as much of a blessing to our athletes and families as it has been to our coaches and administrators.

Have an outstanding summer, and we look forward to seeing you all out on the fields, courts and stands again in the near future!

Go Centurions!

Important summer links

[FACTS Family Portal](#)

- All athletes must be registered for their sport through FACTS to participate in any team activity.

[KHSAA High School Physical Form](#)

- All athletes must have an up-to-date physical on file to participate in any team activity.

[KHSAA Middle School Physical Form](#)

- All athletes must have an up-to-date physical on file to participate in any team activity.

[Sponsorship Form](#)

- Advertise your business through CAL athletics! Email Jared McKinney at jmckinney@caschools.us for more information.
