GAP Year

What is it?

“A semester or year of experiential learning, typically taken after high school and prior to career or post-secondary education, in order to deepen one’s practical, professional, and personal awareness.”

Common Reasons for taking a GAP year:

- ❑ Burnout from competitive pressure of high school
- ❑ Desire to know more about self
- ❑ Called to serve in a special area (i.e. missions)

A gap year is a time to explore the world around and within you -- a time to get fired up about what's really important to you.

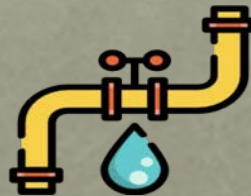

Apprenticeship

What is it?

Apprenticeship is a system for training a new generation of practitioners of a trade or profession with on-the-job training and often some accompanying study.

Apprenticeships can also enable practitioners to gain a license to practice in a regulated occupation.

Vocational and Technical Schools

- ❑ Trade schools--also referred to as a vocational school, technical school, or vocational college
- ❑ Post-secondary institution that's designed to give students the technical skills to prepare them for a specific occupation.
- ❑ Can be public or private, but many are for-profit businesses.
- ❑ Upon completion of the program, students receive a diploma or trade certificate
- ❑ For some programs students can earn an associate degree, which is the degree received from a two-year college.

Military

The U.S. military has six branches of service:

- ❑ Army
- ❑ Navy
- ❑ Air Force
- ❑ Marine Corps
- ❑ Coast Guard
- ❑ Space Force

The requirements to join are similar for all six. The main differences are in age limits, test scores, and fitness levels. Each may have additional requirements.

Military Academies

#5 Admissions Tests

- ❑ Register for ACT at www.myact.org and for SAT at www.collegeboard.org
- ❑ Take at least one of the tests TWICE. Colleges sometimes combine sub scores for scholarships (aka Superscore).
- ❑ 57% of students raise their score, 21% have no change, 22% of scores go down
- ❑ Check to see if the writing portion is required

#6 Visiting Colleges

- ❑ August 31-September 3 or October 5-13
- ❑ Make appointments with schools as well as **departments** within the college; seniors receive 2 days for visits but must provide documentation from college(s) to be excused
- ❑ A “**good fit**” is important
- ❑ The **Student** should ask the questions! Use suggestions in the “Road to Your Future.”

Register for in person tours through the college website

#7 Applying for Admission

- ❑ **Online** applications are on college websites
- ❑ All colleges require a transcript and school profile *sent from the high school*
- ❑ **Proofread** the application *before* hitting submit
- ❑ CAL Profile will be updated and included
- ❑ Each state and/or college has its own requirements for admission.

Types of Applications

- ❑ Individual College Applications--apply directly to college
 - Shared Application for a System of Colleges--apply directly to college
 - May require extra component (ie. audition)

- ❑ The Common Application
- ❑ The Universal Application
- ❑ The Coalition for Access, Affordability, and Success Application

Recommendations and Evaluations

- ❑ More is not better--Colleges only want the number of recommendations for which it has asked
- ❑ Be courteous and ask the recommender at least 2 weeks before the due date—PLEASE
- ❑ Counselors require parent and student questionnaires to be completed before writing recommendations

Talk with your counselor BEFORE asking a teacher

Questionnaires

All students must have their questionnaires (and their parents) must be completed ***before letters of recommendation can be written*** . Forms are found by clicking on the “documents library” link on the Naviance Student home page.

EXAMPLE

These dates are EXAMPLES...make sure you check!

Early Decision

- ❑ Early decision involves a **BINDING DECISION** to enroll if accepted – you will have to attend that school regardless of other offers and without knowing any financial aid package that may or may not be offered.
- ❑ Students may only apply to one school through Early Decision, and if accepted, **must withdraw applications to all other schools.**
- ❑ Early Decision offers a slight advantage of acceptance – colleges usually accept a higher percentage of applicants than those that apply for regular decision.
- ❑ Early Decision is a good option for admissible students with **LOW FINANCIAL NEED** who have a clear first choice school – all others should be very **CAUTIOUS!!!**

Early Action

- ❑ Entails no commitment to enroll and therefore offers little advantage for admission.
- ❑ Early Action students, however, are often first in line for merit scholarships and housing.
- ❑ Competition in Early Action pools at highly selective schools is generally tougher than in the regular decision pool.
- ❑ Some Early Action colleges now ask that students apply early only to their institution, however, you may still apply regular decision to any other institution

Rolling Admissions

- ❑ Colleges that use rolling admissions accept students who meet their entry requirements as they receive applications.
- ❑ Usually accept students from September until July.
- ❑ Students receive a notice of acceptance 2-3 weeks after they submit their application and all supporting documents.
- ❑ As the college fills up its slots for the freshman class, it can become more selective in who is accepted.
- ❑ Rolling Admissions colleges may award some financial aid at the same time they are admitting students – so the amount of available financial aid may dwindle at the end of the admissions process.
