INSIDE THE WARRIOR HUDDLE 2026

MS Girls Soccer

"The lady warriors came out hot and scored a goal in the opening minute or 2 of the game. Madison was a large team and throw some hard punches scoring 4 goals the remainder of the first half. The efforts of the lady warriors was outstanding regardless of conceding those goals. However the lady warriors battled back hard in the second half and late in the game scored 2 more goals making the game a 1 score affair. The girls threw everything they had at the Madison team but couldn't even the score in the final seconds. The girls got beat up sacrificing themselves in a very physical game." - Coach Meisinger

Girls Volleyball

"We came out on fire in the first set, and our serving really set the tone. I thought every player contributed something tonight, and we're starting to see some real progress with this team. We have a couple of weeks left to fine-tune some things before sectionals, and I'm excited to see what we can continue to build." – Coach Millen
