

Asbury University Christian Education Partnership Scholarship

Christian Academy of Indiana has a "Christian Education Partnership" with Asbury University! As a Christian high school we love to see students choose to continue their post-secondary education at a Christian University whenever possible. However, we know that the expense of college often makes it difficult to do so. That's why we are so excited about this partnership with Asbury! After graduation, CAI students who attend Asbury University will receive 50% off their tuition per year for their four years of attendance! This is a huge reduction in the standard tuition rate! We hope it will make it possible for more students to receive a biblically based college education and have the experience of being part of a Christian college community. In addition, CAI parents who want to pursue undergraduate or graduate degrees can take classes at Asbury for 20% off tuition. Please see flyer on the counselors' page.

Hanover College Summer Academy

Hanover College will host an opportunity for all high school students to attend the Summer Academy from June 9-14, 2024. The Academy offers students the chance to eat, sleep and learn on campus from nine different institutes in topics including healthcare, teaching, coding, engineering and more. Scholarships are available. Registration is open until **April 1, 2024**. See the flyer below for QR to register.

Embry-Riddle Aeronautical University

For students who dream of being FBI agents, intelligence analysts or working in homeland or corporate security, the [Department of Global Security and Intelligence Studies](#) offers a Bachelor of Science in Global Security and Intelligence Studies (GSIS), along with a Master of Science in Global Security and Intelligence Studies.

Students will gain fundamental knowledge of security principles and practices, develop risk-based solutions to problems and understand threats and vulnerabilities. By graduation, students will be able to apply problem-solving and critical thinking skills to issues like terrorism, criminal investigations and emergency management.

Students in the GSIS program can choose from three tracks to specialize their degree:

- Intelligence Studies
- Chinese Language and Asian Studies
- Security Operations Management

Throughout their coursework, students will utilize the Global Security Operations Center (GSOC) to conduct practical emergency response drills using a software simulation program developed by the Federal Emergency Management Agency (FEMA).

Anderson University Preview Day

Anderson University is offering an opportunity for students to visit campus on Monday, **February 19** at 9:30 am. Please register at

Center College Fellows Program

The Centre Fellows Program recognizes **high-achieving and engaged high school juniors** who would benefit from a liberal arts education. Domestic students are eligible for this opportunity, and there is no commitment on the recipient's part. Candidates must be nominated by their high school counselor.

Benefits include a guaranteed minimum scholarship in the amount of \$26,000 per year for four years. Centre Fellows may also be considered for higher merit awards.

Successful candidates should exhibit the following credentials:

- A minimum unweighted GPA of 3.5
- A challenging course load comprising some of the highest courses available at the school
- A sincere interest in a liberal arts and sciences education
- A concern for their high school and/or local communities as demonstrated by various personal commitments

Please let Mr. Wilson know if you meet the criteria and are interested in being nominated.
